RALLY**

CONTESTS SCHEDULE

2020 - 2021 School Year

Participate in some or all the following contests as your schedule allows. As each one approaches, be on the lookout for detailed emails on how to get involved! Also, keep an eye out for more opportunities to earn bonus points throughout the school year.

October – November 2020

RECYCLING ANCHOR CHARTS

Anchor charts are popular tools to support instruction, and we love how they can help to teach recycling and environmental sustainability. Help bring your student's thoughts to life with a recycling anchor chart and submit a photo to us for a chance to earn a gift card! It's a perfect activity to celebrate America Recycles Day.

December 2020 – January 2021

CUSTODIAN HEROES

Janitorial staff members oftentimes hold the key to successful school recycling programs. This contest is for the special custodian you've wished you thanked a million times. Simply write to us about his or her contribution to the success of your recycling program and enter for a chance to win a prize check payable to your school custodian. All entries will receive bonus points.

February – March 2021

2ND ANNUAL DESIGN CONTEST

Design your own custom recycling bin, door, or bulletin board to raise awareness about your school's recycling efforts. Share a photo and description with us to earn bonus points and compete for an opportunity to win a cash prize payable to your school. The most innovative creations will be featured on our Facebook page for the final round of voting!

Not a participant of Recycle Rally? Sign up today!

Once your application is approved, all of the details will be displayed within "View & Enter Contests" under the Compete to Win tab on your Recycle Rally dashboard.
